This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. STATISTICS

OF

TOWNSHIP AND DISTRICT LIBRARIES IN MICHIGAN

LANSING, MICHIGAN
WYNKOOP HALLENBECK CRAWFORD CO., STATE PRINTERS
1913

There are three sources from which the township and district libra in Michigan are supported, viz., money received from penal fines, ent tainments or subscriptions and money received from township and c trict officers.

The object of this compilation is to show comparatively the numl of books added, the amount paid out and the penal fines received. Unf fortunately, the records do not show the disposition of the balance of t fine money unspent. The last three columns of the statistics are int esting as showing money unspent in the hands of the county treasurer the township officers. This compilation has been made from reports r ceived by the Superintendent of Public Instruction from county co missioners and district officers.

CONSTITUTION OF THE STATE OF MICHIGAN, 1909.

ARTICLE XI.

Sec. 14. The legislature shall provide by law for the establishmen of at least one library in each township and city; and all fines assessed anc collected in the several counties, cities and townships for any breach o the penal laws shall be exclusively applied to the support of such libraries

GENERAL INSTRUCTIONS AS TO USE OF LIBRARY FUNDS

AND THE

ESTABLISHMENT OF TOWNSHIP AND DISTRICT LIBRARIES.

Compiled Laws 1897, Vol. 2, Sec. 4762.

(1) The clear proceeds of all fines for any breach of the penal law o of this state, and for penalties, or upon any recognizance in criminal pro ceedings, and all equivalents for exemption from military duty, when col lected in any county and paid into the county treasury together with al moneys heretofore collected and paid into said treasury on account of sucl fines or equivalents, and not already apportioned, shall be apportioned b) the county treasurer before the first day of June in each year, among th(several townships in the county, according to the number of children therei between the ages of five and twenty years, as shown by the statement o the Superintendent of Public Instruction provided for in the precedin section, which money shall be exclusively applied to the support of th(township and district libraries, and to no other purpose.

(2) Under this law all fines collected in justice, recorders, and circui courts, for breaches of the penal statutes of the state, must be paid int(the county treasury, and apportioned by the county treasurer under th(direction of the Superintendent of Public Instruction, to townships anc school districts that maintain libraries.

(3) All fines for violation of city or village ordinances belong to city o village, and are not to be included in the foregoing apportionment.

(4) Section 4757 of the Compiled Laws provides that any school district by a two-thirds vote at any annual meeting, may establish a district library and when a library has been so established it is entitled to its proportio of books from the township library, and its share of library moneys appor tioned in the county. The share of books and money to be received b)

said district is determined by the number of children in the district as compared to the whole number of children in the township.

(5) School inspectors have charge of the township library. The school district board has charge of the school district library and must make annual reports to the Superintendent of Public Instruction in regard thereto.

(6) Any township or district which fails to properly use these funds, or if it fails to make a proper report, will forfeit the library money the ensuing year.

(7) Section 4762 of the Compiled Laws directs the apportionment of the money.

(8) Any school district or township may levy a tax for the support of district or township libraries.

(9) Resolution of school district to establish a library:

"Resolved, That school district No.....of the township of....., county of....., does hereby vote to establish a school district library which shall be maintained at the school house and controlled by the district board."

When this resolution has been carried by a two-thirds vote the director should notify the township clerk that the district has established a library, and should demand such a share of the books from the township library as the number of children of the district bears to the whole number of children in the township; also the same share of library money in the hands of the township treasurer.

(10) Resolution establishing a township library to be voted upon by legal voters at a township meeting: "Resolved, That the legally qualified voters of the township of....., county of .....hereby voted to establish a township library for said township, and the supervisor of said township is hereby authorized to spread a tax of.....dollars for the support of said library for the ensuing year."
